

MATERIALS LIST AND SPECIAL INFORMATION

“Wednesday Evening Life Drawing” // Self Directed Life Drawing

Welcome to the Wednesday evening life drawing!

This is an excellent opportunity to work on your observation skills and techniques with uninstructed life drawing. Easels, tables, and chairs are provided for everyone and you are welcome to bring whichever drawing media you like. We will work from a variety of models and the poses will vary in length from quick gestures to longer sustained poses. Facilitator Nicholas Crombach will happily guide those who haven't life drawn before and provide feedback to anyone at their request.

The model begins posing at 6 pm sharp!
